

ICDQ
GROUP 

The brand ICDQ represents a group of organisms which provide quality management system certifications. Our group is private and independent and operates locally and globally. It was created in order to offer a new concept in supplying certification services with three main goals:

Quality

Professionalism

High level of customer care

“PEOPLE SERVING PEOPLE”

This opening phrase is one of the ICDQ’s maxims that has become our official slogan over time.

Firm’s principal asset are the people working there. Speaking of this, our employees fulfil their duties towards our clients and towards themselves daily. Last but not least, a plus is the excellent quality of our working and social environment.

ICDQ GROUP IS THE BRAND THAT ASSEMBLES ALL OUR COMPANIES.

ICDQ Group was created with the idea of expanding and exporting internationally our know-how.

ICDQ Italy was founded in 2001 and, afterwards, were founded different branches all over the world. In particular: ICDQ Spain in 2003, ICDQ Albania in 2010, ICDQ Peru in 2014, ICDQ Andorra in 2016 and ICDQ Greece in 2019.

ICDQ Group has specialised, multidisciplinary and high qualified auditors who operate, with the right competences and qualifications, in distinct sectors of each company which needs to be certified. Furthermore, we offer a certification service designed in order to satisfy specific demands of each Organization.

ICDQ Group has certified Organizations in every commodities sector and operates, through its certifications, in every continent.

“...fulfil their duties towards our clients, ourselves...”
